

Jarrettsville United Methodist Church

Jarrettsville, Maryland

PROJECT PROFILE

JARRETTSVILLE UNITED METHODIST CHURCH
1727 JARRETTSVILLE RD

This project began with an evaluation of the site, consisting of 3 adjacent parcels, including site constraints, zoning issues, etc. Following a review of the program and activity uses of the facility, we recommended a series of phased renovation and construction to expand the church and education buildings and to more than double the number of parking spaces, to accommodate the growing congregation and expanded activity programs. We also provided the church with a preliminary construction budget and recommended scheduling to help guide them in decisions as to how to proceed with their project.

Client:

Jarrettsville United Methodist Church
1733 Jarrettsville Rd.
Jarrettsville, MD 21084
